“SCHOOL BILLING SYSTEM”

Gokul Raj K B

ABSTRACT

- School billing system is very important and secured to use computer system rather than normal book record
- This system contains the complete information of the student both personal and fees details.
- We provide the facility of adding of a student ,removing of a student,modifying of details,fees structure and security checking to the user.
- System will be developed by making use of c language and data is stored in file,by using Turbo C.

INTRODUCTION

- As book record system is difficult to maintain and use.
- There might be a chances of human errors.
- It is a time consuming process ,data may not be available all time.
- Difficult find the required data .

- Once the data is lost it cant be recovered.

- All this drawbacks of book record system is been completely overcome by our School billing system software.
- Human errors are eliminated.
- Long time storage.
- Backing up of lost data.
- Inbuilt intelligence.
- Security.
- Ease of use.
- Automatic receipt
- Instant availability of data

CONCLUSION

- The objective of this research was to design and development a user friendly 'SCHOOL BILLING SYSTEM'.
- It can be operated very easily,
- There is no equipment to handle this application.
- It provides very high level user friendly function. Though we already added maximum features to this application, we are willing to make the application more flexible and professional.

The image features a solid black background. At the top, there is a decorative, wavy border with a color gradient. From left to right, the colors transition from a bright yellow, through orange and red, into a dark green, and finally into a light cyan/blue at the far right edge. The waves of the border are smooth and fluid, creating a sense of movement.

Thank you

An abstract graphic at the top of the slide featuring a series of overlapping, wavy bands of color. From left to right, the colors transition from a bright yellow-orange to a deep red, then to a dark green, and finally to a light blue/cyan on the far right. The waves create a sense of motion and depth.

Any QUERIES??
